

LESSON:**- Questioning -****Your Mushroom Growing Kit - COMPULSORY****AMGA**
Australian Mushroom Growers' Assoc.**CONTENT:**

Introducing the students to the Mushroom Grow Kits, creating teams and a strategy to care for the kit.

SUMMARY OF TASKS/ACTION:

- Group the students according to the number of grow kits provided and ask them to name their group.
- Introduce the students to the mushroom grow kit.
- Each student is to complete the 'Mushroom Growing Investigation - inquiry planner' (Resource 3).
- Explain the process for getting started (Resource 1)
- Find a space in the classroom suitable for the grow kit. (Refer to resource 1)
- Each week, ask the students to assign a MONITOR and HARVESTOR to complete Resource 6
- Ask the students to create a roster for who is responsible for the kit each day.
- On Friday afternoons (or the last day of the week) students will need to be responsible for ensuring the kit is moist for the weekend.
- Ensure the care of the grow kits throughout the following lesson plans
